[Otherwise]

Installation to All Laravel Versions 🤖

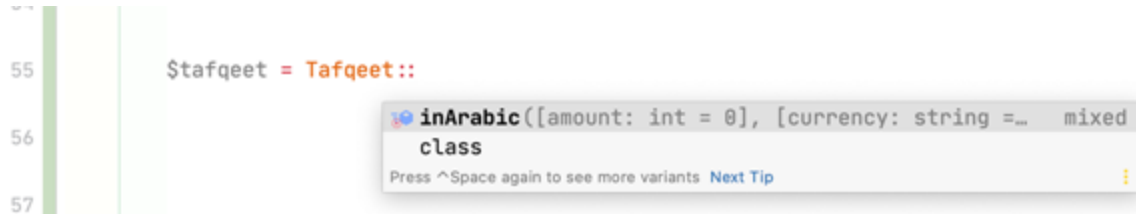

You can install the package via composer:

```
composer require alkoumi/laravel-arabic-tafqeet
```

The service provider will automatically get registered. Or you may manually add the service provider in your `config/app.php` file:

```
'providers' => [
    // ...
    Alkoumi\LaravelArabicTafqeet\LaravelArabicTafqeetServiceProvider::class,
];
```

Usage

Simply pass amount as `Number` to the method `Tafqeet::inArabic($amount, 'usd')`

the default currency is SAR you can change it by pass the currency with the `$amount`

```
Tafqeet::inArabic($amount, 'usd')
```

supporting most of arabic currencies same => `sar` , `egp` , `kwd` extra...

```
use Alkoumi\LaravelArabicTafqeet\Tafqeet;
```

```
// Default currency is sar
$amount = App\cheque::first()->money;
$tafqeetInArabic = Tafqeet::inArabic($amount);
// Result => "فقط تسعمائة ألف ريال و أربعة و ثلاثون هللة لاغير"
```

```
use Alkoumi\LaravelArabicTafqeet\Tafqeet;
```

```
// change currency
$amount = App\cheque::first()->money;
$tafqeetInArabic = Tafqeet::inArabic($amount, 'egp');
// Result => "فقط تسعمائة ألف جنيه و أربعة و ثلاثون قرش لاغير"
```
